Mr Donald Campbell
Co-convenor
Brisbane CBD BUG
GPO Box 2104
BRISBANE QLD 4001

Dear Mr Campbell

Thank you for your email of 5 November 2018 about the installation of peak hour parking restrictions on Kedron Brook Road, Wilston.

I note your feedback about the deadline for the investigation, which was an outcome from the petitions Council considered in February this year, and I asked Council's Transport Planning and Operations to investigate. I am pleased to hear you spoke with Mr Antony Holloway, Project Manager – Bikeways, on 7 November about your enquiry.

As Mr Holloway explained, the detailed investigation proposed by Council of potential cycle upgrades on Kedron Brook Road is well underway. Surveys of current bicycle, pedestrian and motor vehicle traffic volumes and on-street parking capacity have been undertaken and Queensland Government crash data collected. These data sets are now being analysed and a network assessment of north-south cycling routes in the area and the potential for improvements to adjacent corridors has commenced. As Mr Holloway advised, the surveys were undertaken prior to the signalisation of the roundabout at the Kedron Brook Road and Days Road intersection.

As stated in the petition response, this investigation will be concluded and a summary provided by the end of 2018.

If you have any further enquiries, please phone Mr Holloway on 3178 6982.

I trust this information is of assistance and thank you for taking the time to contact me. May I take this opportunity to wish you a happy and safe Christmas and a prosperous New Year.

Yours sincerely

Graham Quirk
LORD MAYOR
